

Holliston Community Farm Advisory Board

Minutes 09/29/2022

Members present: Dennis Prefontaine, Kriss Westland, Dennis Serocki, Shannon Gratton, and Kristen Serocki.

Motion to approve the last meetings minutes by Dennis Serocki seconded by Dennis PreFontaine. Approved by all members.

Site Update: Matt Dellicker has dug the trench for the electrical to the greenhouse. Chipman has run the wires in the trench, it has been inspected, and filled back in.

Medway Oil- They need to receive half of the payment, which would be \$125, in order to open the account with us and start the work for the heat in the greenhouse.

Dennis Pre- is reaching out to a plumber to see if he can get the gas hooks done for us.

Invoices were all signed by Dennis Serocki to get the deposit of \$125 for the propane tanks to be hooked up.

Haunted Walk: Shannon made the flyer, Dennis S. will make copies so we can get them posted around town. Kriss is going to try and get the info posted to Community Kangaroo. Permit was approved. We need more volunteers, Boy scouts may want to help. Still waiting confirmation on the from the girl scouts. We can use the greenhouse this year for the entrance.

CR- We need to figure out who the Grantor is? Is it the Select Board, or The Farm Board?

Other questions are Does the select board own the deed to the house or should it be the Conservation Commission.

The house will not be able to be in the envelope of the CR, because it was originally supposed to be demolished. The house may need to be more of a utility building not as a house.

School project- Kasia is working on an outdoor sensory garden project at the elementary school. She is looking for commitments for volunteers of materials and labor. Motion to volunteer materials and labor made by Shannon, 2nd by Kristen, all members in favor.

Over the winter we will need to work on an RFP for a Farmer that would like to manage the field.

Meeting adjourned at 8:20pm
