June 16, 2010

Present: Rich Maccagnano, Pat Duffey, Ken Lefebvre,
Doug Valovcin, Holliston Water Department

The BOH met from 4:00 p.m. to 6:00 p.m. with Doug Valovcin of the Holliston Water Department. The tour began at Well #2 on Maple street and progressed to Well #1 at Stoddard Park. Ken then left the tour. We proceeded to Well #5 on Central Street and adjourned there at 6:00 p.m.

Motion: Pat and Rich discussed the order that needed to be placed by end of business on Thursday to replenish supplies used by the H1N1 clinics which is being funded by a Region 4A grant. Pat and Rich agreed unanimously to authorize Ann to determine what supplies were needed and place the order tomorrow.

The tour will reconvene at Well #4 at a time to be mutually determined once the planned improvements have been made and the well is back on line.

Respectfully submitted:
