Kriss got a dehumidifier for the house, she will also try some vinegar to help get the smell out of the basement.

The Parks and Rec class is going great, the kids seem to be really enjoying themselves.

The schools would like to use 3 plots for education purposes. They would like to possibly plant some root veggies to grow over the summer and be ready for fall harvests.

Kurtis Armitige has set up a bee hive in the community apiary for the veterans in the area.

Privacy fence: would like to set the date to put up the privacy fence and get that finished.

Signs: Kriss was going to talk with the highway dept about getting signs for the property for dog clean up, keeping the dogs leashed, and throw away your own trash.

Barn roof: We need a few days of dry weather to be able to get the rest stripped, weather wrapped and then shingled. We will aim for the weekend of June 1<sup>st</sup> and 2<sup>nd</sup>. Prep work can be started on May 25<sup>th</sup>. We may still need some more lumber.

We need to get more volunteers involved. We need the Friends of volunteer list.
