

Holliston Community Farm Advisory Board

Minutes 12/15/2021

Meeting called to order at 7:03 pm.

Members present: Dennis Prefontaine, Kriss Westland, Shannon Gratton, Dennis and Kristen Serocki

Guest: Bobby Blair

Minutes approved, Shannon made the motion Dennis P. Seconded it and all members approved.

Bonfire:

Bobby brought posters for the group to hang around town.

We are not totally sure how many tickets have been sold online.

We should get a giant magnet to help clean up the nails and screws from the pallets out of the field. Shannon thinks she may be able to get her hands on one.

DPW will drop off the light tower to help light the road from parking to the farm. They will have someone come turn it on before the event and shut it off after.

Bobby ordered and received the crockpots. We all have some if we need more.

Chen's and other companies along Jeffery rd. are okay with using their parking lots for the event.

We all need to do a big push on the event after Xmas on social media.

Paul Saunier, one of the citizens of the year, will light the fire.

We have at least three generators to use.

Kriss ordered a port a potty and it should be delivered the Friday before the event

We need to work on fire prevention. Kriss will talk with the Chief to see if we can get a truck and some volunteers to put the fire out when the event is over.

Site update:

Sign: Looks great. We will need to move some of the large rocks back and rework the bed around the sign. Depending on the weather it may have to wait until Spring.

CR: They came to do the baseline of the property for the CR. This will give an idea of what is on the property and the condition of it now.

Boy Scouts: The scouts came and walked and marked off the trail they would like to clean up. It sounds like they will be doing the planning for the project over the winter and start the work in the spring.

Meeting adjourned 8:10pm
