Site Update:

Jason Green gave us a quote for the plumbing hookup for the propane tanks of \$1750. The Marigold Project will donate the funds to have this done.

C.R. – We have not heard back from the Sudbury Land Trust. They were still looking into a few items before going forward. One was the house being on the property and the other is who would be the grantor of the property, would it be the town, the Conservation Commission, or the Select Board? On December 19th there will be a vote by the Select Board to make the grantor the Conservation Commission. Once the C.R is finalized we can start working on a R.F.P. to find a farmer who would want to work the field.

Parks and rec Class: We should discuss at the next meeting whether we want to change up the schedule and possible raise the price.

We should plan the next meeting for Dec 20th or 21st to finish planning the Bonfire.

Meeting adjourned 7:45
