**CONTINUED PUBLIC HEARING:
Special Permit and Site Plan Review
CRG Acquisition
555 Hopping Brook Road**

The Chair reopened the hearing at 7:30 p.m. and explained the public hearing format, noting that the applicant's team will present information including an overview and comparison of previous and current proposals, followed by questions and concerns by the members and then questions and concerns from the audience. Present for the Applicant was the team of CRG Sr. V.P. Frank Petkunas, Atty. Richard "Chip" Nylen of Lynch, DeSimone & Nylen, LLP, Peter Bemis of Engineering Design Consultants and Bradley Duncan of Cavanaugh Tocci .

The Chair asked that Atty. Talerma provide some insight on the issue of the concept of "repetitive petition" for the members and audience. He noted that there is a provision of the Zoning Act (MGL c. 40A, s. 16) which establishes a standard for "re-review" of applications but this proposal is substantially different than the application denied by the Planning Board in 2021. He added that the litigation around the denial remains pending.

Mr. Petkunas and Mr. Bemis provided a PowerPoint overview presentation of the application, including a company overview, comparison matrix of the old and new applications, noting differences in building size (-31%), building lot coverage (-32%), loading doors (-31%), trailer parking (-42%), car parking (- 41%), truck trips (-29%), car trips (-26%) and open space (+20%), comparison site plan overlay, and abutter cross-section comparisons. Additionally, Mr. Petkunas touched upon proposed "impact mitigation items" such as the earthen berm, westbound Rte. 16 truck restriction and east loading dock overnight operating restriction. Members asked a series of questions about the information presented.

Mr. Dunkin provided a PowerPoint summary of the sound study completed in December 2022 (See "Proposed Warehouse Sound Analysis" dated December 9, 2022), including the company's analysis of both stationary and transient noise sources and the overall mitigation package presented by the applicant.

The following individuals asked questions and raised concerns about the proposal: Eileen Muller of 76 Courtland Street, John Deloge of 957 Washington Street, Laureen Douglas of 20 Powderhorn Lane, Gary Rotatori of 14 Olde Surrey Lane (Medway), and Terri Stiffler.
