1. Approval of Minutes. The minutes of April 9, 2015 were approved as drafted on a motion by Mr. Matsuno, seconded by Mr. Thorn with all in favor.
2. 1508 Washington Street Site Plan Amendment. Dan and Phil Regan of Wayland Excavating were present to discuss a change in use and site plan amendment for the commercial property located at 1508 Washington Street, the former Earth Designs and Framingham Sand. The plan changes were prepared by Samiotes Consultants, Inc. (dated 3/26/15).

Mr. Regan is proposing to utilize the site as a contractor's yard with no outdoor retail and storage of materials as previously permitted. Changes to the site include a change in the perimeter site drive to recycled asphalt materials, changes to the stormwater management basin, and grading changes throughout the site to accommodate large vehicle circulation. Mr. Regan indicated that the existing house at the front end of the site will be utilized as an office/showroom. Plans to replace the existing septic system are being developed and will supplement the site plan (site grading). The Chairman expressed a concern for maintenance of Upper Charles Trail vegetative screening. Mr. Regan indicated it was well-established around the rear of the site. Mr. Matsuno made a motion to accept the site plan changes and forward them to the Building Inspector. Mr. Thorn seconded with all in favor.

Mr. Matsuno seconded with all in favor.
4. Constitution Village 6 Field Change Request and Construction Deadline Extension.
