(name of participant)

or occurring on land or property owned or controlled by the Town of Holliston.

As a condition of participation, I hereby release and discharge the Town of Holliston, including but not limited to its Recreation Department, employees, agents, board members, volunteers and any and all individuals and organizations assisting or participating in any such recreation programs, from any and all damages, claims, rights, and causes of action that may result from or relate to the participant's engaging in any program. This release is intended to cover any and all personal injuries or property damage, however such injuries or damage occurs or is caused, whether directly or indirectly related to any recreational program, and regardless of the status of any person who may be involved. I acknowledge that I am aware that other participants or persons involved in Town recreation programs may or may not be employees or agents of the Town, may or may not be specially trained for any program or activity, and may not have been screened or reviewed for any purpose by the Town. I expressly agree to and accept any risks associated with the participant's interaction with any such person and acknowledge that the Releasees have no duty in connection with any participant. I agree to indemnify, defend, and hold harmless the Releasees against any and all legal claims and proceedings of any description that may be asserted by or on behalf of the participant in connection with his/her participation in any recreation program.

This Consent and Release Form shall remain valid and binding until expressly revoked by me in writing. Any such revocation shall take effect only upon actual receipt by the Recreation Director for the Town of Holliston and only as the participant no longer participates in any Town recreation program. I agree that, once any such revocation is delivered, it shall be my responsibility to ensure that the participant does not participate in any recreation program until and unless a new Consent and Release Form is properly executed.
