**Consultant Review Fees**

In addition to the above filing fee(s) and the costs for advertising the Notice of Public Hearing, the Applicant/Petitioner/Appellant may also be subject to additional Consultant Review Fees. If the Board determines that it requires technical advice, it may employ outside consultants. The Board of Appeals shall then notify the Applicant/Petitioner/Appellant regarding the required Consultant Review Fee that is imposed by the Board. An additional fee may be collected if during the review, the above deposit is found insufficient to cover the actual cost of the review. At the completion of the Board’s review, any excess in the account, including interest, shall be repaid to the Applicant/Petitioner/Appellant.

Deposit funds received pursuant to this section shall be deposited with the municipal treasurer who shall establish a special account for this purpose. This fee is to be deposited into a special account as enabled by G.L. Chapter 44, Section 53G, referred to herein as the “593 Account”. This fee shall be imposed on those applications which, as designated by the Zoning Board of Appeals, require the services of outside consultants for the review process due to the size, scale or complexity of a proposed project, because of a project’s potential impacts, or because the Town lacks the necessary expertise to perform the review work related to the permit or approval. In hiring outside consultants, the Board may engage engineers, planners, lawyers, designers or other appropriate professionals who can assist the Board in analyzing a project to ensure compliance with all relevant laws, ordinances, bylaws and regulations. Such assistance may include, but not be limited to, analyzing an application, monitoring or inspecting a project or site for compliance with the Board’s decisions or regulations, or inspecting a project during construction or implementation. Expenditures from this special account may be made at the direction of the Board without further appropriation and shall be made only in connection with the review of the specific project for which this review fee has been collected. An additional fee may be collected from the applicant, if during the review, the above deposit is found insufficient to cover the actual cost of the review. The additional review fee shall be based upon a cost estimate, from the consultant(s) performing the review, to complete the review. Reimbursement of these expenses is a requirement of approval, and failure to reimburse shall be cause for denial. Review fees may only be spent for services rendered in connection with the specific project for which they were collected. Accrued interest may also be spent for this purpose.

Once the review process has been started, there shall be no refunding of Administrative Fees, including the case of withdrawal of the application by the applicant. For this reason, it is important that the applicants consult with Town staff prior to formal application to insure that the appropriate permits and review are being sought.

At the completion of the Board's review of a project, any excess in the account, including interest, shall be repaid to the applicant or the applicant's successor in interest. A final report of said account shall be made available to the applicant or the applicant's successor in interest. For the purpose of this section, any person or entity claiming to be the applicant's successor in interest shall provide the Board with documentation establishing such succession in interest.

Any applicant may take an administrative appeal from the selection of the outside consultant(s) to the Board of Selectmen, providing such appeal is initiated within two weeks of the initial selection. The Selectmen shall convene a formal hearing within twenty days of receiving a written appeal filed by an applicant. The grounds for such an appeal shall be limited to the claims that the consultant(s) selected has (have) 1. a conflict of interest; a consultant may not have a financial interest in a project under review, or be in a position to financially benefit in some way from the outcome of the pending review process. Consultants must be in compliance with the Massachusetts Conflict of Interest Law (Chapter 268A) or 2. does (do) not possess the minimum required qualifications. The minimum qualification shall consist either of an educational degree in, or related to, the field at issue or three or more years of practice in the field at issue. The required time limit for action upon an application by the Board shall be extended by the duration of the administrative appeal. In the event that no decision is made by the Board of Selectmen within 30 days following the filing of the appeal, the selection made by the Board shall stand. This administrative appeal shall not preclude further judicial review, if otherwise permitted by law, on the grounds provided for in this section.
