Mr. Barbieri passed out the latest revision of the drawings done by GLM behind Casey's. Mr. Barbieri explained that there was a catch basin and culvert that ran underneath the trail that could be used to attach some drainage catch basins. Mr. Barbieri explained that the highway would like to have some of the curbing removed to make it easier to plow.

The grant needs to be completed by January 29<sup>th</sup>, so that the selectmen can approve it, Karen Sherman will prepare the grant. We may need to add some parking lot lighting to the grant as well as the crossing lights and crosswalk on Church St.

Mr. Askin inquired about his access to his properties. The committee explained that the current plan does not propose any changes to impact his present condition, other than making the road one-way. Mr. Barbieri stated that any changes in access would come from the Selectman. Mr. Askin was questioned about other access to his property as delineated on the plot plan. He stated there are challenges with truck access from Norfolk St. He wondered if he should look at potential new access direct to Central Street.

Some discussion arose around the crosswalk near Winthrop St. This was left to later discussion, as the need now was to get the grant completed. We will need to meet prior to the 29<sup>th</sup> in order for the committee to sign off on the grant.
