

New Residential program starts July 1, 2019. Only Town carts will be picked up after July 1st. Do not start using your new carts until then. All recycling can be placed in the blue cart together no need to separate them any longer.

E.L. Harvey will be the new service provider. All questions or concerns will be handled by our customer service center located in Westborough. All E.L. Harvey trucks are equipped with multiple cameras that record while the route is being serviced. The cameras help provide the best Customer Service for the residents.

See Flyer on how to use your new carts
