Meeting called to order at 7:07 pm by Kriss and seconded by Jim

Carter and his composting project

Carter has spoken to Coffee Haven and will be picking up their coffee grounds. He has come up with a schedule for pick-ups. He will be building his compost bins together with pallets.

He would like to send a survey out to the plot renters to see about their interest in the composting their plant material through his project. Kriss will send out an email with a link to his survey out to the gardeners.

Carter believes that about 25-50sq feet would be enough space for his set up. He would like to have an area for everyone to put their waste so he can go through it before it goes into the bin.

Jim made a motion to approve the project and all members approved it.
