

Holliston Community Farm Advisory Board

Minutes 10/07/2021

Meeting called to order at 7:10 pm.

Members present: Jim Taralli, Dennis Prefontaine, Kriss Westland, Shannon Gratton, and Kristen Serocki

Absent: Dennis Serocki

Guest: Bobby Blair

Minutes approved, Shannon made the motion Dennis P. Seconded it and all members approved.

Bobby Blair - For the fundraising event at the Farm on New Year's Eve. The bonfire would need to have a special permit for the fire. The permit needs to go to the police department first to be approved and then Bobby will reach out to see if the band can come and perform at the farm.

There will be smaller firepits around the farm along with the bonfire. There have been people that will donate their generators to use for the event since the electricity will not be set up yet out to the greenhouse.

Still working out details for food and drinks as well.

Site Update:

The Butterfly Aviary is being taken down at the golf course. We have been asked if we would like it up at the farm. It has been mentioned that it may not be worth the move as it is not in the best shape.

Sign: The sign is ready to go. We will need to move some fill into the area it is being placed and move the posts on the old sign.

We need to dig a trench for the electric and water to the greenhouse. The electrical may need sand for back fill as well as the line tape for in the trench. We also need to make sure it is far enough away from the septic.

We do still need to get an electrician out there to do the panel upgrade.

The Haunted walk is a go. We need to find more volunteers, there is a lot of work ahead of us.
We need more hands.

Meeting adjourned
