

**TOWN OF HOLLISTON  
FACILITIES DEPARTMENT**

**Blair Square Project Update - Final**

October 5, 2023

As of today the Blair Square Improvements Project is substantially complete and being fully enjoyed by residents and visitors to Holliston. Installation of all the major components and landscaping is complete. The only outstanding item is electric work consisting of installation of outlets and lighting for the pavilion, flag pole and path. That work, being donated to the town, will be completed in the next few weeks.
