FACILITIES DEPARTMENT**

**Streetlight LED Conversion Project Update**

October 5, 2023

As of today the Streetlight LED Conversion Project is 95% complete with 934 out of 983 fixtures converted to energy efficient LED lighting. The remaining 49 fixtures consist of reinstallation of missing mast arms, rewiring of power feeds and the conversion of fixtures that were not on the original purchase and sales list from Eversource i.e. Robin Hill Road, Briar Cliff Lane, Fairview Street, etc. The contractor will be converting the remaining 49 fixtures over the next few weeks.
