Schedule of Benefits

THE HARVARD PILGRIM CHOICENET BEST BUY HMO
MASSACHUSETTS

Please Note: This plan includes a tiered provider network called the "ChoiceNet" Network. In this plan, Members pay different levels of Copayments, Coinsurance or Deductibles depending on the tier of the provider delivering a covered service or supply. This plan may make changes to a Provider's benefit tier annually on January 1. Please consult the HPHC ChoiceNet Provider Directory or visit the provider search tool at **www.harvardpilgrim.org** to determine the tier of Providers in the ChoiceNet Network.

This Schedule of Benefits states any Benefit Limits and Member Cost Sharing amounts you must pay for Covered Benefits. However, it is only a summary of your benefits. Please see your Benefit Handbook for details. Your Member Cost Sharing may include a Deductible, Coinsurance, and Copayments. Please see the tables below for details.

In a Medical Emergency you should go to the nearest emergency facility or call 911 or other local emergency access number. A Referral from your PCP is not needed. Your emergency room Member Cost Sharing is listed in the tables below.

Medical Necessity Guidelines

We use clinical review criteria to evaluate whether certain services or procedures are Medically Necessary for a Member's care. Members or their practitioners may obtain a copy of our Medical Necessity Guidelines on our website at **www.harvardpilgrim.org** or by calling the Member Services Department at **1-888-333-4742**.

Tiered Providers

Most hospitals and physicians covered by the Plan are placed into one of three benefit levels or "tiers" based on national measures of cost efficiency and relative quality. Member Cost Sharing for these providers depends upon the tier in which a provider is placed. Tier 1 is the lowest cost tier. Tier 2 is the medium cost tier. Tier 3 is the highest cost tier. Please see your Benefit Handbook for more information on how hospitals and physicians are tiered under the Plan. Only acute care hospitals, Primary Care Providers (PCPs) and medical specialists are assigned to one of three tiers. All other covered providers are assigned to Tier 1. Tiering also does not apply to physicians and hospitals that specialize in the provision of mental health care. These include psychiatrists and psychiatric hospitals.

You can lower your out-of-pocket cost by selecting the physicians and hospitals in the lower cost tiers. The tables set forth below list the Member Cost Sharing for each type of tiered service. The Plan's Provider Directory lists all Plan Providers and their tier. You can access the Provider Directory at **www.harvardpilgrim.org**. You may also obtain a paper copy of the directory, free of charge, by calling Harvard Pilgrim's Member Services Department at **1–888–333–4742**.

Please Note: When you choose a PCP, it is important to consider the tier of the hospital that your PCP uses. For example, a Tier 1 PCP may admit patients to a Tier 2 or to a Tier 3 Hospital.

Deductibles

A Deductible is a specific annual dollar amount that is payable by the Member for Covered Benefits received each Plan Year before any benefits subject to the Deductible are payable by the Plan. If a family Deductible applies, it is met when any combination of Members in a covered

family incur expenses for services to which the Deductible applies. Your Plan's Deductible amounts are listed in the tables below.

The Plan has a maximum Deductible, which is the total amount of Deductible payments you are responsible for in a Plan Year. Any Deductible amount you incur for Covered Plan Year will apply toward the maximum Deductible. In addition, any Deductible amount you incur during a Plan Year applies towards a Deductible of any tier.

The Plan also has limits on the Deductible amounts that apply to each tier. If you only use services in Tier 1 during the Plan Year, you would only be responsible for the Tier 1 Deductible amount in that Plan Year. If you only use services in Tiers 1 and 2 in a Plan Year, you would only be responsible for the Tier 2 Deductible amount in that Plan Year. As explained above, even if you use Tier 3 services, your total liability for Deductible charges is limited to the maximum Deductible amount stated in the table below.

Office Visit Copayments

There are two types of office visit Copayments that apply to your Plan: a lower Copayment, known as the "Primary Care Copayment," and a higher Copayment, known as the "Specialty and Hospital Based Care Copayment."

The Primary Care Copayment applies to covered outpatient professional services, other than services received at a professional office operated by a hospital, from the following types of providers: all Primary Care Providers (PCPs); obstetricians and gynecologists; Licensed Mental Health Professionals; certified nurse midwives; and nurse practitioners who bill independently.

The Specialty and Hospital Based Care Copayment applies to most outpatient specialty care.

If a provider is categorized as both Copayment levels, the Primary Care Copayment applies. For example, if a provider is both a PCP and a cardiologist, you will be responsible for the Primary Care Copayment.

Your Plan may have other Copayment amounts. Please see the benefit table below for specific Copayment requirements.

Covered Benefits

Your Covered Benefits are administered on a Plan Year basis. Your Plan Year begins on your Employer's Anniversary Date. Please see your Benefit Handbook for more details. If you do not know your Employer's Anniversary Date, please contact your Employer's benefits office or call the Member Services Department at **1-888-333-4742**. Your Member Cost Sharing will depend upon the type of service provided and the location the service is provided in, as listed in this Schedule of Benefits. For example, for services provided in a physician's office, see "Physician and Other Professional Office Visits." For services provided in a hospital emergency room, see "Emergency Room Care," and for outpatient surgical procedures, please see "Surgery - Outpatient."

When you receive a service at your home (other than home health care), your Member Cost Sharing will be the same as when the service is provided in an office or facility. For example, if you have a physician visit in your home, see "Physician and Other Professional Office Visits." If you have blood drawn at home, see "Laboratory, Radiology and Other Diagnostic Services."
