Re: 1490 Washington Street

Dear Ms. Sherman:

In response to your July 20, 2020 email, following is the tenant information you requested.

Apex Insulation LLC:

Apex Insulation is in the insulation contracting business. The tenant intends to occupy 2000 square feet (or 2 bays of 5 bays) of Building C. The business employs 3 people and has 3 fleet vehicles. The business is not open to the public. The proposed hours of operation are 6AM to 6PM Monday through Saturday. The business will use 1 garage bay door to access its supplies.

Caruso Steel Reinforcing LLC:

Caruso is in the foundation forms contracting business. The tenant intends to occupy 5000 square feet (or 5 bays of 5 bays) of Building B. The business employs 10 people (but only 1 person will go to and from the premises as the other employees meet at job sites off premises) and has 1 vehicle. The business is not open to the public. The proposed hours of operation are 6AM to 6PM Monday through Saturday. The business will use 1 garage bay door to access its supplies.

I have attached a markup of the previously submitted floor plan to delineate the space proposed for each tenant.

Please contact me with any questions.

Very truly yours,

Robert E. Burr, Jr., Esq.
