Looking at our 75 active cases, they are spread over 55 addresses. There are twelve clusters at single family homes, two clusters at multi-family dwellings, 37 individual cases at single family homes, and four individual cases at multi-family dwellings.

According to vaccination data by community released by the state, 65% of the population is partially vaccinated, and 41.3% of the population is fully vaccinated as of April 27. As of the report 98.6% of the 65-74 age group, and 101% of the 75+ age group had received at least 1 shot.

According to an analysis of MAVEN data, the largest increases in cases in the past week were in the 30-39 (5%), 0-9 and 10-19 (4%), and 50-59 (2%) age ranges. There were no new cases in the 20-29, 70-79, 80-89, and 90+ age ranges this past week.

On Monday, April 26, the Emergency Management Director provided the following *CARES Act* spending breakdown to the Select Board. The chart represents municipal spending, and does not reflect expenses charged to the ESSER or *CARES Act* funds received by the schools. The Planning and Development Expenses do reflect technology purchased by the schools, for which the Select Board had committed municipal *CARES* funding prior to the July 2020 Annual Town Meeting. The amounts indicated are prior to any potential reimbursement for eligible expenses.
