

## **Weekly COVID-19 Report**

When the DPH published the updated town by town information this evening, our community risk designation remained at the YELLOW (moderate risk) level, based on new cases in the 14 day period ending May 1. According to their weekly reports, our numbers lowered from 14.1 Average Daily Incident Rate per 100,000 on April 29 down to 13.0 Average Daily Incident Rate per 100,000 on May 6. Our percent positivity lowered from 2.31% the previous week down to 1.9% for the period ending May 6.

## Average Daily Incident Rate per 100,000 (last\* 14 days)

## Metrics (as of November 6) for communities with 10,000-50,000 population

Gray: less than or equal to 10 total cases

Green: less than 10 cases per 100,000 population AND greater than 10 total cases

Yellow: greater than or equal to 10 cases per 100,000 population OR greater than or equal to 5% positivity rate

Red: greater than or equal to 10 cases per 100,000 population AND greater than or equal to 5% positivity rate

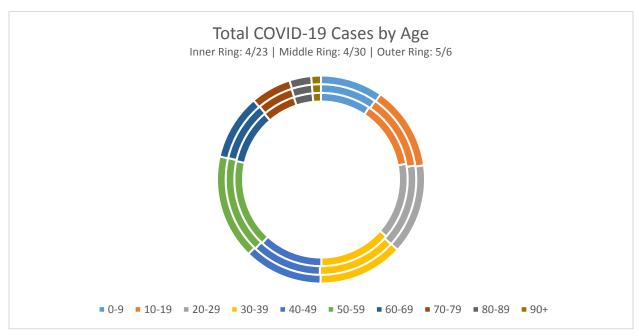

Looking at our 42 active cases, they are spread over 31 addresses. There are 9 clusters at single family homes, 21 individual cases at single family homes, and 1 individual case at multi-family dwellings.

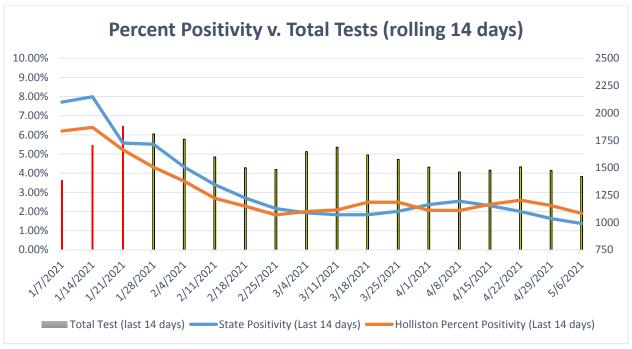

According to vaccination data by community released by the state, 68.7% of the population is partially vaccinated, and 46.9% of the population is fully vaccinated as of May 4. As of the report 99.3% of the 65-74 age group, and 102% of the 75+ age group had received at least 1 shot.

<sup>\*</sup>last 14 days refers to the two-week reporting period ending the Saturday prior to the DPH's weekly report

According to an analysis of MAVEN data, the largest increases in cases in the past week were in the 40-49 and 70-79 (4%), 0-9 (3%), and 10-19 (2%) age ranges. There were no new cases in the 20-29, 80-89, and 90+ age ranges this past week.

On Monday, May 3, the Emergency Management Director provided the following *CARES Act* spending breakdown to the Select Board. The chart represents municipal spending, and does not reflect expenses charged to the ESSER or *CARES Act* funds received by the schools. The Planning and Development Expenses do reflect technology purchased by the schools, for which the Select Board had committed municipal *CARES* funding prior to the July 2020 Annual Town Meeting. The amounts indicated are prior to any potential reimbursement for eligible expenses.
