

Dear Holliston Parent/Guardians and Staff:

I apologize for the second email, but in my haste to communicate the latest information to parent/guardians and staff, I inadvertently left off an important piece of information. The corrected information is below, with the change highlighted in red.

As of today, our plans for our middle school and high school spring athletic season are not being changed, in order to allow time for the MIAA and/or Tri-Valley League to make some initial determinations.

Again, I apologize for any confusion my original email may have caused. Thank you for your continued understanding.

Respectfully,

**Bradford L. Jackson, Ed.D.
Superintendent of Schools**
