

At New England Golf Corporation, we have an unwavering commitment to the safety of our customers and employees and we are committed to continuing our operations in a responsible manner. As we deal with the threat of the COVID-19 virus, we are putting extra measures in place to help ensure the health and wellness of our customers and staff.

We are closely monitoring the situation and following the direction of the Centers for Disease Control and Prevention (CDC), as well as the local health authorities. We are keeping our staff updated with information regarding best practices to keep themselves and their families healthy.

To that end, we are taking extra precautions with players supporting our clubs under management, including:

- Limiting in-person contact, including handshakes, and practicing social distancing.
- Frequent handwashing and hand sanitizing of all employees.
- Increasing the frequency of deep cleaning in our facilities and golf carts.
- Encouraging the use of credit cards only for transactions.
- Encouraging golfer to leave the flagstick in on all putts.
- Requiring the posting of player scores from their phone or home computer.
- Suspension of food and beverage operations.
- Tables and chairs will not be available and no gathering will be allowed in the pro shop.
- Tee times will be encouraged to ensure proper distancing at the pro shop and first tee and golfers will be encouraged to leave the premises after their completion of their round of golf.

Although our pro shop and maintenance staffs are operating as usual, we understand the concerns you may have with regard to the facilities and equipment. If there is any impact or change, we will promptly inform you.

Thank you for your support and understanding during this rapidly evolving situation as we work to support and protect our customers, employees and the communities we serve.
