New Business

1. The Greater Milford Community Chorus made a mistake on their application that might disqualify their application—really just an editorial slip on their part. I discovered the mistake while making a spreadsheet of our grant review decisions, and I spoke to the contact person at the GMCC. We should discuss how to respond to the situation.
2. It turns out that we have more money to allocate than I said we did at our October meeting. Instead of \$8500, we have \$10,049.76. We have to decide how to distribute the extra money.
3. Other new business if anyone has any.
