This is to certify that at the Annual Town Meeting of July 20, 2020, the following motion received favorable voting action.

ARTICLE 21. To see if the Town will vote to amend General By-Law Article XL Stormwater Management and Land Disturbance By-Law adopted in May 2008 as follows to reflect goals of the Town's 2019 Stormwater Management Program Plan. New text is represented by ***bold italic*** text and text to be removed is represented by ~~strikethrough~~ text:

A. Purpose

The purpose of this by-law is to control the adverse impacts of increased post-development stormwater runoff, nonpoint source pollution associated with development and redevelopment as well as erosion and sedimentation associated with land disturbance and construction. Increased and contaminated stormwater runoff associated with developed land uses and the accompanying increase in impervious surface are major causes of: impairment of water quality and flow, contamination of drinking water supplies, erosion of stream channels, alteration or destruction of habitat and flooding.

This bylaw seeks to meet the following objectives:

- Minimize damage to public and private property and infrastructure;
- Safeguard the public health, safety, environment and general welfare;
- Protect water resources and prevent contamination of drinking water supplies;
- Require practices that limit soil erosion and sedimentation on construction sites;
- Require practices that control volume and rate of stormwater runoff resulting from land disturbance activities;
- Establish the Town of Holliston's legal authority to ensure compliance with the provisions of this by-law through permitting, inspection, monitoring and enforcement.

B. Authority

This bylaw is adopted under the authority granted by the Home Rule Amendment of the Massachusetts Constitution and the Home Rule statutes, pursuant to the regulations of the federal Clean Water Act, found at 40 CFR 122.34. This bylaw is intended to meet certain provisions of the Town's requirement to comply with the National Pollutant Discharge Elimination System (NPDES) Regulations (Phase I and II Rules).

C. Applicability

No person shall undertake an activity which may include clearing, ***grubbing***, grading, ***placement of fill***, excavation ***of soil*** or other site work that will result in a land disturbance exceeding any of the following thresholds, without a Land Disturbance Permit from the Planning Board.

There are two levels of review based on the amount of proposed land to be disturbed as part of a single project as follows:

Minor Land Disturbance Permit (total project disturbance is less than 40,000 s.f.)

1. Any activity that will result in soil disturbance of 10,000 s.f. or more, or more than 25% of the parcel or lot, whichever is less;
2. Paving in excess of a total of 500 s.f. of commercial and industrial driveways, parking lots and other impervious non-roadway surfaces;
3. Any activity that will disturb over 250 s.f. of land with 10% or greater slope.

Major Land Disturbance Permit

1. ***Any activity that will result in disturbance of 40,000 s.f. or more of land;***
2. ***Projects that disturb less than 40,000 s.f. if the project is part of a larger common plan of development or redevelopment which disturbs 40,000 s.f. or more;***
3. 4. An alteration, redevelopment or conversion of land use involving the following: auto fueling, service and sale facilities, fleet storage yards, commercial nurseries and landscaping facilities.

D. Exemptions

1. ~~Projects which require a Special Permit, Site Plan Review or Definitive Subdivision approval from the Planning Board or which require an Order of Conditions from the Conservation Commission* or requires Board of Health approval of a septic system upgrade.~~
2. Normal maintenance and improvement of land in agricultural or logging use which is consistent with MGL, c. 40A, s. 3 and 310 CMR 10.04.
3. Construction of ***fencing and*** utilities other than drainage ***that disturbs less than 40,000 s.f. and*** which will not alter terrain or drainage patterns.
4. Maintenance of existing dwellings, including landscaping, utility connections and driveways, provided such maintenance does not ***disturb 40,000 s.f. or more*** or alter drainage patterns.
5. Repairs to any stormwater treatment facility deemed necessary by the Planning Board and maintenance, reconstruction or resurfacing of any public way.

~~* For projects and/or activities within the currently regulated jurisdiction of the Conservation Commission or Planning Board as noted above, those specific application submission requirements, public notices, and fee requirements shall apply.~~

E. Administration

1. Authority. The primary authority for the administration, implementation, and enforcement of this bylaw lies with the Planning Board.
2. Land Disturbance Permits. The Planning Board shall have the authority to issue a permit for projects subject to this bylaw. Any such permit requirements may be defined and included as part of any Regulations promulgated as a result of this bylaw.
3. Regulations. The Planning Board shall adopt and periodically amend Regulations which establish and collect permit application fees, inspection fees, and in special cases, consultant fees for review of applications. Such regulations shall elaborate on the terms, conditions, definitions, enforcement, procedures and administration of this bylaw. For execution of the provisions of this bylaw, the Planning Board will utilize the policy, criteria and information, including specifications and standards of the latest editions of the Massachusetts Stormwater Management Policy and Technical Handbooks and Massachusetts Erosion and Sediment Control Guidelines for Urban and Suburban Areas, or local equivalents based on improvements in engineering, monitoring and local maintenance experience. The regulations shall be adopted after a public hearing.

4. Waiver. The Board may waive strict compliance with any requirement of this by-law where such action is allowed by federal, state and local statutes and/or regulations, is in the public interest, and is not inconsistent with the purpose and intent of this by-law.
5. Delegation of Authority. The Planning Board may choose to delegate, in writing, its authority in whole or in part, to a qualified representative.

F. General Permit Procedures and Requirements

1. Entry. Filing an application for a permit grants the Planning Board and its agents permission to enter the site to verify the information in the application and to inspect for compliance with permit conditions.
2. Fee Structure. The Board shall obtain with each submission an Application Fee established by the Board to cover expenses connected with the public hearing and application review. ***The Board may, at the applicant's expense per the provisions of G.L. Chapter 44, Section 53G, retain a Registered Professional engineer or other professional consultant to advise the Board on any or all aspects of the application.***
3. Permits. The Planning Board shall, within ~~30~~ 45 days of the receipt of a completed application:
 - a. Approve the application upon finding that the proposed plan will protect water resources and meets the objectives and requirements of this bylaw;
 - b. Approve the permit with conditions, modifications or restrictions that are required to ensure that the project will protect water resources and meets the objectives and requirements of this bylaw;
 - c. Disapprove the application if the proposed plan will not protect water resources or fails to meet the objectives or requirements of this bylaw.

After an application has been submitted, no tree removal, no utility installation, no ditching, grading or construction of drives, no grading of lots or land, no excavation except for purposes of soil testing, no dredging or filling, and no construction of buildings or structures shall commence on any part of the development site until the application has been reviewed and approved in accordance with this by-law and its' implementing regulations.

4. Failure of the Planning Board to take final action upon an application within 30 calendar days of receipt of a complete application shall be deemed to be approval of such application. Upon certification by the Town Clerk that the allowed time has passed without action by the Planning Board, the Permit shall be issued.
5. Project Completion. At completion of the project, the permittee shall submit as-built drawings of all structural stormwater controls and treatment best management practices required for the site. ***The as-built drawing shall document deviations from the approved plans, if any, and be certified by a registered professional engineer.*** This requirement may be waived at the Planning Board's discretion. No occupancy permit shall be granted unless and until the construction of all site improvements are complete or the work remaining to be done is secured.

G. Appeals. A decision of the Planning Board shall be final.

H. Enforcement. The Planning Board or an authorized agent shall enforce this bylaw and its implementing regulations and may pursue all civil and criminal remedies for such violations. Enforcement shall be further defined and included as part of any regulations promulgated as permitted under this bylaw.

I. Severability If the provisions of any portion of this by-law shall be judged invalid by a court of competent jurisdiction, such order of judgment shall not affect or invalidate the remainder of the by-law, or take any action relative thereto. **(Planning Board)**

ARTICLE 22.

“A significant number of puppies, kittens, and rabbits sold at local pet shops come from large-scale, commercial breeding facilities (puppy mills) where the health and welfare of the animals are not adequately provided for. The ordinance proposed for the Holliston Town Meeting is as follows:

Section 1. Restrictions on the Sale of Animals No pet store shall sell, deliver, offer for sale, barter, auction, give away, or otherwise transfer or dispose of cats or dogs or rabbits, except for a dog, cat or rabbit displayed by a shelter or animal rescue organization.

Nothing in this section shall prohibit pet stores from collaborating with an animal care facility or animal rescue organization to offer space for such entities to showcase adoptable dogs and cats. The animal rescue organizations must be in compliance with all relevant local, state, and federal guidelines, including but not limited to registration and approval as a 501C3 nonprofit charity, in possession of a current Certificate of Solicitation from the Massachusetts Attorney General’s Office, in compliance with state and local kennel bylaws, and be listed as an approved animal rescue operation by the Massachusetts Department of Agricultural Resources.

Section 2. Transparency. Any pet shop operating within Holliston, Massachusetts must display prominently a sign next to each available animal the name of the organization and location the animal was received from, and make documentation validating this statement available to consumers as well as animal control officers and other town officials upon request.

Section 3. Recordkeeping. Each pet shop shall maintain records sufficient to document the source of each animal it acquires, for at least a period of two years following the date of acquisition. Such records shall be made available immediately upon request to the Holliston Animal Control Officer, Holliston Animal Inspector, Holliston Police or any of their designees.

Section 4. Penalties. Any person or entity, except as provided by law, who sells a dog, cat, or rabbit in violation of these bylaws shall be fined three hundred (\$300.00) dollars per violation.

Each animal sold or offered for sale in violation of this bylaw shall constitute a separate offense. Any animal being offered for sale or transferred, or displayed in violation of any of these sections may be seized or impounded.

Section 5. Enforcement. The Holliston Animal Inspector, Holliston Animal Control Officer, Holliston Police, or any of their designees shall have the authority to enforce all violations of these sections.

Any animal being offered for sale or transfer, or displayed in violation of these sections, may be seized or impounded, unless the enforcing officer determines that seizure or impoundment will be detrimental to the safety and/or health of the animal.

Animals seized pursuant to this section will be held for a period of seven days. The person or entity in violation of these sections may file an administrative hearing to appeal the seizure within seven days of the seizure of the animal(s). If after seven days, the person or entity fails to file an appeal the animal(s) shall be surrendered to Holliston Animal Control.

Section 6. Severability. If any section, subsection, paragraph, sentence, clause or phrase of this Ordinance shall be declared invalid for any reason whatsoever, such decision shall not affect the remaining portions of this Ordinance which shall continue in full force and effect, and to this end the provisions of this Ordinance are hereby declared to be severable.

Section 7. Applicability. If any provision of these sections imposes greater restrictions or obligations than those imposed by any other general law, special law, regulations, rule, ordinance, order, or policy, then the provisions of these sections shall control.

Section 8. Effective Date. This ordinance shall become effective 90 days after passage.
