

The work to connect each home to the new water main is near completion. On Monday, August 19 through Wednesday, August 21 the homes in Mechanic Street between School Street and Exchange Street will be connected to the new water main. On Wednesday, August 21 thru Friday, August 23 all homes and businesses in Exchange Street will be connected to the new water main. Notices will be delivered to those customers the day before. Depending upon the exact location of active construction zone, those sections of Mechanic Street and Exchange Street will be blocked to vehicular traffic. Most other streets in Mudville area will be open to traffic. Please note that plans may change due to unforeseen circumstances.
