

May 28, 2019

Installation of the new water main (first phase) in Pleasant Street from Washington Street to Mechanic Street is completed. The crew resumed work on Tuesday, May 28 continuing in Pleasant Street from the intersection with Mechanic Street toward Union Street. Then, the crew will move to Mechanic Street from intersection with Pleasant Street working easterly toward Spring Street. Construction zone will be closed to thru traffic. We ask for the public to seek alternate routes to avoid potential delays.
