SMITH ROW -- Southerly

**ARTICLE VII
OPERATION OF VEHICLES**

SECTION 1.

OVERTAKE ONLY WHEN THERE IS A SPACE AHEAD -- The driver of a vehicle shall not overtake and pass a vehicle proceeding in the same direction unless there is sufficient clear space ahead on the right side of the roadway to permit the overtaking to be completed without impeding the safe operation of any vehicle ahead.

SECTION 2.

DRIVER TO GIVE WAY TO OVERTAKING VEHICLE -- The driver of a vehicle when about to be overtaken and passed by another vehicle approaching from the rear shall give way to the right in favor of the overtaking vehicle, on suitable and audible signal being given by the driver of the overtaking vehicle, and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle.

SECTION 3.

OBSTRUCTING TRAFFIC

(a) No person shall drive in such a manner as to obstruct unnecessarily the normal movement of traffic upon any street or highway. Officers are hereby authorized to require any driver who fails to comply with this section to drive to the side of the roadway and wait until such traffic that has been delayed has passed.

(b) No driver shall enter an intersection or a marked crosswalk unless there is sufficient space on the right side of the intersection or crosswalk and on the right half of the roadway to accommodate the vehicle he is operating without obstructing the passage of other vehicles or pedestrians notwithstanding any traffic control signal indication to proceed.

SECTION 4.

FOLLOWING TOO CLOSELY -- The driver of a vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard to the speed of such vehicle and the traffic upon and condition of the street or highway.

SECTION 5.

SLOW VEHICLES TO STAY 200 FEET APART -- Upon the roadways less than twenty seven (27) feet wide and upon which vehicular traffic is permitted to operate in both directions, the driver of any slow moving vehicle when traveling outside of a business or residential district shall not follow another slow moving vehicle within 200 feet, but this shall not be construed to prevent such slow moving vehicle from overtaking and passing another slow moving vehicle. This section shall not apply to funerals or other lawful processions

SECTION 6.

CARE IN STARTING, STOPPING, TURNING OR BACKING -- The driver of any vehicle before starting, stopping, turning from a direct line or backing shall first see that such movement can be made in safety or if it interferes unduly with the normal movement of other traffic, said driver shall wait for a more favorable opportunity to make such movement.

If the operation of another vehicle should be affected, by a stopping or turning movement, the driver of such other vehicle shall give a plainly visible signal, as required by statute law

SECTION 7.

SOUND HORN WHEN NECESSARY -- The driver of a vehicle shall give an audible warning with his horn or other suitable warning device whenever necessary to insure safe operation.

SECTION 8.

EMERGING FROM ALLEY OR PRIVATE DRIVEWAY -- The operator of a vehicle emerging from an alley, driveway or a garage shall stop such vehicle immediately prior to driving onto a sidewalk or on to the sidewalk area extending across alleyway or driveway.

SECTION 9.

OBEDIENCE TO TRAFFIC CONTROL -- Colors and arrow indications in traffic control signals shall have the commands ascribed to them in this section, and no other meanings, and every driver of a vehicle, railway car or other conveyance shall comply therewith, except when otherwise directed by an officer or by a lawful traffic regulating sign (other than stop sign) signal or device or except as provided in Section 17 (b) of these rules and orders. In no case shall a driver enter or proceed through an intersection without due regard to the safety of other persons within the intersection regardless of what indications may be given by traffic control signals.

(a) - FLASHING GREEN - A flashing green lens shall indicate an intersection or pedestrian crosswalk in use or subject to use by entering or crossing traffic. Drivers may proceed only with caution and shall be prepared to comply with a change in the signal to red and/or yellow indication.

(b) - FLASHING RED - When a red lens is illuminated in a traffic control signal by rapid intermittent flashes, and its use has been specifically authorized by the Department of Public Works, Commonwealth of Massachusetts, drivers shall stop before entering the nearer line or crosswalk of the street intersection, or at a stop line when marked, and the right to proceed shall then be governed by provisions of Chapter 89, Section 8, of the General Laws. (Ter.Ed.)

(c) - FLASHING YELLOW - A flashing yellow lens shall indicate the presence of a hazard and drivers may proceed only with caution.

(d) - GREEN - While the green lens is illuminated, drivers facing the signal may proceed through the intersection, but shall yield the right of way to pedestrians and vehicles lawfully within a crosswalk or the intersection at the time such signal was exhibited. Drivers of vehicles making a right or left turn shall yield the right of way to pedestrians crossing with the flow of traffic.

(e) - RED - Traffic facing a circular Red signal alone shall stop at a clearly marked stop line, or if none before entering the cross-walk on the near side of the intersection or if none then before entering the intersection and shall remain standing until an indication to proceed is shown except as allowed by Chapter 89, Section 8 of the General Laws.

(1) - No driver of a vehicle facing a circular RED signal indication shall make a right turn where official traffic signs are installed and maintained prohibiting such turn at the following intersections:

Cole Court at Washington Street - Northbound

Concord Street at Washington Street - Southbound

High Street at Washington Street - Southbound

Washington Street at Cole Court - Eastbound

Washington Street at Concord Street - Westbound

Washington Street at High and Woodland Street - Eastbound

Washington Street at High and Woodland Street - Westbound

Woodland Street at Washington Street - Northbound

Any person convicted of a violation of this sub-section shall be punished for each offense, as provided for by statute.

(f) - RED AND YELLOW - While the red and yellow lenses are illuminated together, drivers shall not enter the intersection and during such time the intersection shall be reserved for the exclusive use of pedestrians.

(g) - RIGHT, LEFT AND VERTICAL GREEN ARROWS - When a right green arrow is illuminated, drivers facing the said signal may turn right. When a left green arrow is illuminated, drivers facing the said signal may turn left. When a vertical green arrow is illuminated, drivers facing said signal may go straight ahead. When a green arrow is exhibited together with red or yellow lens, drivers may enter the intersection to make the movement permitted by the arrow, but shall yield the right of way to vehicles and pedestrians proceeding from another direction on a green indication.

(h) - YELLOW - While the yellow lens is illuminated, waiting drivers shall not proceed and any drivers approaching the intersection or a marked stop line shall stop at such point unless so close to the intersection that a stop cannot be made in safety, provided, however, that if a green arrow is illuminated at the same time, drivers may enter the intersection to make the movement permitted by such arrow.

SECTION 10.

STOP SIGNS -- Every driver of a vehicle, railway car or other conveyance approaching an intersection of ways where there exists facing him an official sign bearing the word "STOP" or a flashing red signal indication, said signs or signal having apart from these rules and orders, the written approval of the Department of Public Works, Commonwealth of Massachusetts, and such approval being in effect, before proceeding through the intersection, bring such vehicle, railway car or other conveyance to a complete stop at such point as may be clearly marked by a sign or line, or if a point is not so marked, then at

the nearer line or crosswalk of said intersection. In the case of a line of two or more vehicles approaching such "STOP" sign, or, flashing red signal indication, the drivers of the second and third vehicles in any group shall not be required to stop more than once before proceeding through the intersection. This section shall not apply when the traffic is otherwise directed by an officer or by a lawful traffic regulating, sign, signal, or device, or as provided in sub-section (c) of Section 17 of this article. In accordance with the foregoing, the streets or flashing red signal intersections as the case may be:

SECTION 11.

KEEP TO THE RIGHT OF ROADWAY DIVISION -- Upon such roadways as are divided by a parkway, grass plot, reservation, viaduct, subway or by structure or area, drivers shall keep to the right of such a division except when otherwise directed by an officer, signs, signals or markings.

SECTION 12.

OPERATION AT UNDER OR OVERPASSES AND AT INTERSECTIONS WITH ISLANDS

At any junction or crossing of ways where the roadway grades have been separated and where the ways are connected by ramps and at any intersection of ways in which there are channeling islands, drivers of vehicles shall proceed only as indicated by signs, signals or markings.

SECTION 13.

DRIVING ON ROAD SURFACES UNDER CONSTRUCTION OR REPAIR -- No operator shall enter upon the road surface of any street or highway or section thereof when, by reason of construction, surface treatment, maintenance or the like, or because of some unprotected hazard, such road surface is closed to travel, and one or more signs, lights or signals have been erected to indicate that all or part of the road surface of the street or highway is not to be used, or when so advised by an officer, watchman, member of a street or highway crew or employees of the town, either audibly or by signal.

SECTION 14.

NO DRIVING ON SIDEWALKS -- The driver of a vehicle shall not drive upon any sidewalk except at a permanent or temporary driveway.

SECTION 15.

NO DRIVING THROUGH SAFETY ZONES -- It shall be unlawful for the driver of a vehicle, except on signal from a police officer to drive the same over or through a safety zone.

SECTION 16.

FUNERALS TO BE PROPERLY IDENTIFIED -- A funeral composed entirely or partly of a procession of vehicles shall be identified as such by means of black pennants bearing a purple cross attached to both the first and last vehicles, or other suitable means.

SECTION 17.

RIGHTS AND DUTIES OF DRIVERS IN FUNERALS OR OTHER PROCESSIONS

(a) - It shall be the duty of each driver in a funeral or other procession to keep as near to the right edge of the roadway as is feasible and to follow the vehicle ahead as closely as practicable and safe.

(b) - At an intersection where a lawful stop sign exists the driver of the first vehicle in a funeral or other procession shall be the only one required to stop before proceeding through the intersection.

SECTION 18.

TURNING MOVEMENTS -- Approved 7/24/1975 - Where official traffic devices are erected directing specific traffic to use a designated lane or designating lanes to be used by traffic moving in a particular direction regardless of the center of the roadway, or to prohibit a turn or to make a required turn at an intersection of roadways, drivers of vehicles shall obey the direction of every such device.

Approved: 9/9/2019

**ARTICLE VIII
ACCIDENT REPORTS, RESPONSIBILITIES, PENALTIES, REPEALS**

SECTION 1.

DRIVERS MUST REPORT ACCIDENTS -- The driver of any vehicle involved in an accident resulting in the injury or death of any person or property damage to an apparent total extent of twenty-five (\$25.) dollars or more shall within twenty-four (24) hours make a full and complete report in writing of such accident to the police headquarters in the Town. A driver who has been incapacitated as a result of such accident and to such extent as to make reporting impossible or unfavorable to his recovery, shall not be required to report such accident until he has recovered sufficiently to be able to do so. The report shall be made on a form furnished by the Police Department, copies of which shall be available at the Police Department. Compliance with this section, however, shall not relieve such driver from the additional responsibility of reporting to the Registrar of Motor Vehicles any accident required to be reported to the Registrar, by General Law.

SECTION 2.

OWNER PRIMA FACIE RESPONSIBLE FOR VIOLATIONS -- If any vehicle is found upon any street or highway in violation of any provision of these rules and regulations and the identity of the driver cannot be determined, the owner or the person in whole name such vehicle is registered, shall be prima facie responsible for such violations.

SECTION 3.

PENALTIES -- Any person convicted of a violation of any rule, regulation or order made hereunder, except as otherwise provided, shall be punished by a fine not exceeding twenty dollars (\$20.) for each offense.

SECTION 4.

REPEAL -- These rules are adopted with the intent that each of them shall have force and effect separately and independently of every other except insofar as by express reference or necessary implication and rule or any part of a rule is made dependent upon another rule or part thereof. All official signs, lights, markings, signal systems or devices erected or installed under prior rules or regulations shall be deemed to have been lawfully erected or installed hereunder provided the same were erected or installed with the permission and approval of the Department of Public Works, Commonwealth of Massachusetts and insofar as the same are necessary as aforesaid for the enforcement of these regulations they shall be deemed continuing hereunder but in all other respects, all prior rules, order, and regulations made by the Selectmen of Holliston for the regulation of vehicles are hereby expressly repealed. This repeal, however, shall not affect any punishment or penalty imposed or any complaint or prosecution pending at the time of the passage hereof for any offense committed under said prior rules, orders or regulations hereby repealed, nor shall said repeal be effective unless and until these rules and regulations have been approved and published as required by law.

SECTION 5.

EFFECT OF REGULATIONS -- If any section, sub-section, sentence, clause or phrase of these rules and orders is for any reason unconstitutional, such decision shall not affect the validity of the remaining portion of these rules and orders. The Board of Selectmen hereby declares that it would have passed these regulations and each section, sub-section, sentence, clause or phrase thereof irrespective of the fact that any one or more sections, sub-sections, sentences, clauses or phrases be declared unconstitutional.
