## Veterans' Office Here For You & Your Family

The MetroWest District Veteran's Services is conveniently located in Holliston, at 1750 Washington Street, and open to all Veterans and their eligible dependents to discuss all matters related to veterans services and benefits. CALL 508-429-0629 to meet with an agent or **[click here to visit the Veteran's homepage](#)**.

Continued from page 1:

**[Click Here for Town Project information](#)** and read about the construction of the parking lot at 9 Green Street, Winter Street area water main and Central Street Water Filtration Plant.

Throughout the month of April, you will also find a number of Holliston Cable Access Television (HCAT) programs, including AskTheTA, highlighting the articles and budget items to help residents prepare to vote on May 9th. Visit HCAT at **[www.hcattv.org](http://www.hcattv.org)** for program listings. This is a new initiative to provide Town Meeting information in many different formats to educate and inspire residents to attend Town Meeting. **[A Citizen's Guide to Town Meeting is available by clicking here.](#)**

## Envisioning Future Holliston: Survey #1 Results Are In - We Need You For Survey #2!

Now is your chance to weigh in on the future of Holliston! You may have filled out Survey #1 and that is helping us create Survey #2 due out in a few weeks. **[To register to receive Survey #2, click here](#)** and printouts will be at the Senior Center.

Survey #1 had 400 responses, a great sample to build Survey #2. What we *did* find out was that residents love Holliston's small-town feel, and so much more. **[Click here to read the results.](#)** The results are also

featured on 'AskTheTA' show with committee members Stacey Raffi and Ben Sparrell. (**[Click here for HCAT program lisitngs.](#)**)

By taking just a few minutes to answer the survey, the Envisioning Future Holliston Committee will be able to create Holliston's Vision Statement, identifying Holliston's assets and characteristics we value most. This can help guide government and other groups to develop plans that represent all of the residents' needs and values. **[To learn more, click here.](#)**

## Senior Center Welcomes Spring Season & Visitors

Holliston's Senior Center is looking forward to welcoming back friends, the warmer temperatures and the longer days! As always, the calendar is full of services, programs and special events to stimulate and strengthen mind, body and spirit. And, lunch and a movie returns March 31, April 28, and May 26. **[Read the latest Senior Center's newsletter online here](#)** or you can pick up a copy of the newsletter at the Senior Center.

## Clerk's Office Collects the Census & Dog Licenses

The Annual Town Census was mailed to every household in January. Please return it to the Town Clerk to keep your voter status up to date. Annual Dog Licensing is underway - [Click Dog License Renewal](#) or [CLICK HERE FOR YOUR MAIL-IN FORM](#).

## Conservation Commission Continues Efforts To Address Preservation & Trails For Spring

The Conservation Department is a resource to answer questions about permitting, trail issues and preservation concerns. Spring is a busy time as residents plan projects on their homes that may impact conservation areas that abut properties. The Commission reviews permit applications to comply with the Wetlands Protection Act and the Holliston Wetland Protection Bylaw. [CLICK HERE FOR THE CONSERVATION WEBPAGE](#), for an abutter's guide, Land Maps and more, and feel free to email Ryan Clapp, Conservation Agent at [clappr@holliston.k12.ma.us](mailto:clappr@holliston.k12.ma.us).

## Sign Up For Community Notification Alerts

Sign up with Blackboard Connect to receive notifications from the Town. The sign-up link here [RESIDENT BLACKBOARD PORTAL](#) can also be found on the Town website. Blackboard allows voice, text and email notifications from us when communicating urgent bulletins about water quality or law enforcement activity, as well as outreach regarding surveys or the posting of Town Meeting warrants. If your email or phone changed, please update through the portal. Note: Blackboard Connect is different from the BrightArrow communication platform used by the schools.

## Department of Public Works Projects Underway

Holliston's Department of Public Works manages the Highway and Water Divisions of the Town, and both teams are extremely busy all year round. The Highway Division will resume the infrastructure work in the Mudville neighborhood as soon as the warmer weather moves in. Over the past few years, the Mudville neighborhood has undergone extensive public improvements with new utilities, including water and gas mains, drainage and new sidewalks, curbing and roads coming this year. Residents, although enjoying these improvements, will be happy to see construction wrapping up.

Sidewalk, intersection and connectivity improvements will be the priority. The Town has prioritized public safety which entails a comprehensive look at sidewalks, intersections and ADA compliance. Some of the first intersections to be redeveloped or have safety improvements installed will be along the Washington Street corridor, specifically intersections at Pleasant, School and Linden Streets. On the water side, the construction of the new water treatment plant at 774 Central Street continues according to budget and schedule. The new plant will provide a vast improvement of water quality to residents. Water

main replacement also continues - this year's focus is on the lower Central, Bullard and Fiske Street area. Installation of water main in that area will connect a significant portion of your system and provide an additional means to improve the quality. For the latest news, use this [TOWN PROJECTS LINK](#).

**MASSACHUSETTS' DOT BEGINS ITS ROAD PROJECT ON RTE. 16**  
**DOT will be reconstructing the state-owned roadway Route 16/126**

## Facilities Projects Planned This Spring

**Click here for project updates!** The new Town Hall septic system has been installed and is now operational. The Congregational Church Green was the best spot for the leaching field to replace the over 100-year-old system. Finishing touches, like a new sidewalk and landscaping, will be completed this spring. Demolition of 9 Green Street is complete and this spring, we are likely to begin constructing a parking lot to serve the local downtown businesses and the adjacent Goodwill Park. **Watch HCAT on projects here.**

Smaller projects around town include rebuilding the ADA-compliant entrance at 1750 Washington Street, where Veteran's Services, Recreation and Youth & Family Services are located. New rooftop heating and conditioning units were also added. From left to right: Demolition of 9 Green Street, 1750 Washington St. entrance and handicap ramp rebuild, and Town Hall's new septic system installation.
