

Water Treatment Plant Update Q1 2021

Plant Timeline:

1. The water treatment plant is being advertised for bid in the Central Register, Wednesday 2/3/2021. The Central Register is the weekly source for information about municipal and state contracts being put out for bid.
2. The Plant will be advertised in the local paper and COMMBUYS approximately 2/15/2021, COMMBUYS is the Massachusetts official public procurement record system.
3. The General Bid Opening is tentatively scheduled for March 10, 2021. At that point contractor bid bond and references are verified, notice of awards and notice to proceed documents are executed.
4. The notice of award is planned for April 2021. Upon the execution of that document the construction time frame for the contractor starts.
5. Assuming everything goes as planned construction will start sometime in April 2021, continue through the remainder of 2021 into 2022 and the plant will be operational in summer 2022.

Additional updates will be periodically posted as the bidding phase progresses.
